### **PROJECT ACTIVITIES**

Generation X began grading the road and installing subdrain at the bottom of Auburn Avenue. They will continue to work uphill toward Circle Drive and Zenith Street.

Legend's Concrete is tentatively scheduled to begin concrete pouring for curb and gutters and driveways the week of September 11<sup>th</sup>.

During construction of the concrete curb and gutter and driveway pavement, driveways will not be accessible. After the concrete is poured, the concrete will need 7 days to cure before it can be driven on. Please refrain from driving on the new concrete prior to this as it will damage the new concrete.

Final grading and asphalt paving will occur once the concrete is installed.

### **CONTACTS**

Informational newsletters, such as this one, will be mailed to you periodically throughout the project. A project website has also been set up and can be accessed here: [www.bolton-menk.com](http://www.bolton-menk.com), click on "Project Websites" under "Client Center", then on "City of Lanesboro 2017 Street & Utility Improvement Project." You can sign up for e-mail updates on the website as well.

If you have questions about the project, please feel free to contact the Construction Representative, Drew Weber at 507-469-0306, or at [drewwe@bolton-menk.com](mailto:drewwe@bolton-menk.com).
