

50.11 NONRESIDENTIAL CUSTOMERS; CONTAINER TYPES; COLLECTION SCHEDULES.

(A) It shall be the duty of the owner or person otherwise in charge of multi-family, institutional or industrial premises within the city to cause all garbage and trash accumulated on the premises to be placed in disposable containers, or commercial-type containers. Commercial-type containers may be used and may be placed at a location on the premises as arranged between the customer and the collector, but subject to review by the city at any time.

(B) Disposable containers shall be placed at a location on the premises which is readily accessible to the collector.

(C) The amount and character of garbage shall be considered in establishing size of commercial containers and frequency of pickup. The city shall have final authority to establish the size and frequency based on the history of amount and type of garbage generated by the customer. The collection and removal of garbage and trash from premises used for commercial, institutional, or industrial purposes shall be made as often as necessary in order to maintain the premises free of accumulations. Garbage, except dry trash in contractor-supplied containers, shall be collected not less than one time each week, except for roll-off containers which shall not be subject to this provision so long as they are used solely for brush and dry trash.

Penalty, see ' 10.99
