

**' 72.07 EQUIPMENT.**

It is unlawful for any person to operate a snowmobile any place within the limits of the city unless it is equipped with the following:

(A) Standard mufflers which are properly attached and which reduce the noise of operation of the motor to the minimum necessary for operation. No person shall use a muffler cutout, bypass straight pipe or similar device on a snowmobile motor.

(B) Brakes adequate to control the movement of and to stop and hold the snowmobile under any condition of operation.

(C) A safety or so called deadman throttle in operating condition.

(D) When operated between the hours of one-half hour after sunset to one-half hour before sunrise, or at times of reduced visibility, at least one clear lamp attached to the front, with sufficient intensity to reveal persons and vehicles at a distance of at least 100 feet ahead during the hours of darkness under normal atmospheric conditions. The head lamp shall be so aimed that glaring rays are not projected into the eyes of an oncoming snowmobile operator. It shall also be equipped with at least one red light plainly visible from a distance of 500 feet to the rear during hours of darkness under normal atmospheric conditions.

(E) Snowmobiles shall fly a pennant flag of red or blaze material, of a size not less than 12 inches by 9 inches, at a height of not less than six feet from ground level at any time when the vehicle is operated on public streets.

(F) Reflective material at least 16 square inches on each side, forward of the handlebars and at the highest practical point on any towed object, so as to reflect lights at a 90 degree angle.
