There is no limit to the number of succeeding terms. The market manager will serve at the pleasure of the City Council. The market manager may delegate some or all of his/her responsibilities to an assistant market manager as needed from time to time. The market manager and assistant manager are, for the purpose of workers compensation regulations, uncompensated independent contractors.

      other person, family, household, farm, 4-H club member or business entity.
   c. Each vendor is responsible for promptly cleaning up all refuse, waste, or plant material
      from their stall and the immediate area surrounding their stall. If the vendor fails to
      perform prompt clean up such that city employees must provide clean up services, the
      vendor will be assessed a cleanup surcharge.
   d. Each vendor must supply their own tables, scales, and other equipment. The Lanesboro
      Farmers Market does not supply equipment. Vendors may use city park trash
      containers and electrical outlets. The city is not responsible for damages due to power
      loss or surges.
   e. Market hours are May through October, 9 a.m. to noon every Saturday. Vendors may
      not conduct sales before the opening time. Vendors must be packed up by 1pm except
      for special events as listed in section XI b. If a vendor leaves before noon, they must
      inform the market manager of their intent to leave early, and only drive out if it is
      deemed safe for the public, other vendors, and anyone else in the vicinity.
   f. A vendor must be present at their stall when it is in operation, except as provided in
      subparagraph g. If a stall is held by a family, any family member is considered a vendor
      for purposes of this rule. If a stall space is held by a business partnership, either partner
      is considered a vendor for the purposes of this rule. If the vendor is a corporation or
      limited liability company, then a shareholder or member is considered a vendor for
      purposes of this rule. Any vendor which is a business entity may have employees work
      at their stall.
   g. Someone other than the vendor may “stall sit”. A “stall sitter” may be an employee of
      the vendor or other person designated by the vendor for this purpose. The vendor shall
      list all qualified stall sitters on their application. This information may be added to
